IDENTIFYING INFORMATION:

NAME: McShane, Marjorie

POSITION TITLE: Professor

PRIMARY ORGANIZATION AND LOCATION: Rensselaer Polytechnic Institute, Troy, NY, USA

Professional Preparation:

ORGANIZATION AND LOCATION	DEGREE (if applicable)	RECEIPT DATE	FIELD OF STUDY
Princeton University, Princeton, NY, USA	PHD	05/1998	Slavic Languages and Literatures
Princeton University, Princeton, New Jersey, USA	MA	05/1996	Slavic Languages and Literatures
SUNY at Albany, Albany, New York, USA	MA	05/1992	Russian
SUNY at Albany, Albany, New York, USA	OTH	05/1992	Russian-English Advanced Translation Certificate Program
Grinnell College, Grinnell, Iowa, USA	BA	05/1989	Russian

Appointments and Positions

2022 - present	Professor, Rensselaer Polytechnic Institute, Troy, NY, USA
2013 - present	Co-Director, Language Endowed Intelligent Agents Lab, Rensselaer Polytechnic Institute, Troy, New York, United States
2016 - 2021	Associate Professor (with tenure), Cognitive Science Department, Rensselaer Polytechnic Institute, Troy, NY, USA
2013 - 2016	Associate Professor (without tenure), Rensselaer Polytechnic Institute, Troy, NY, USA
2007 - 2013	Research Associate Professor, Department of Computer Science and Electrical Engineering, University of Maryland Baltimore County, Baltimore, MD, USA
2005 - 2014	Adjunct faculty member, Department of Surgery, University of Maryland School of Medicine, Baltimore, MD, USA
2002 - 2007	Research Assistant Professor, Department of Computer Science and Electrical Engineering, University of Maryland Baltimore County, Baltimore, MD, USA
2000 - 2002	Senior Computational Linguist, Computing Research Lab, New Mexico State University, Las Cruces, NM, USA
1998 - 2000	Analyst, Computing Research Laboratory, New Mexico State University, Las Cruces, NM, USA

Products

Synergistic Activities

1. I served as liaison between the natural language processing, knowledge engineering and clinical medical communities as a knowledge engineer for the Maryland Virtual Patient application of the OntoAgent simulation and tutoring environment.
2. I created an approach to the formal description of Polish morphology that is useful both for machine applications and for human learners of Polish as a foreign language. It was published as the book An Innovative, Practical Approach to Polish Inflection (Lincom Europa, 2003).
3. I integrated experience in research, pedagogy and natural language processing in developing the Boas linguistic knowledge-elicitation system, which elicited machine-tractable knowledge about any natural language from native speakers with no previous training in linguistics.
4. I developed a Linguistics Minor in the Cognitive Science Department at RPI that emphasizes the link between linguistics, computation, and AI.

Certification:

When the individual signs the certification on behalf of themselves, they are certifying that the information is current, accurate, and complete. This includes, but is not limited to, information related to domestic and foreign appointments and positions. Misrepresentations and/or omissions may be subject to prosecution and liability pursuant to, but not limited to, 18 U.S.C. §§ 287, 1001, 1031 and 31

U.S.C. §§ 3729-3733 and 3802.
